

# Mira Rao

mira@example.com

## EDUCATION

---

B.Tech in Computer Science, Meadow Institute of Technology (August 2023 to May 2027, expected graduation).

## SKILLS

---

React, TypeScript, JavaScript, HTML, CSS, Git, Vitest.

## PROJECTS

---

Campus Room Booker (January 2026 to April 2026): Built room-availability and booking-form screens using React and TypeScript. Implemented client-side form validation, loading indicators, and inline error messages. Connected screens to REST endpoints for listing rooms and creating booking requests. Authored 18 Vitest unit tests for validation and error states. Added keyboard focus states, input labels, and accessible error text. Used Git branches and pull requests for collaboration.

## COURSEWORK

---

Completed an introductory cloud foundations course (June 2026) through Meadow Learning Club. The course introduced cloud vocabulary, shared responsibility, and basic service categories.
